Policy on Disabled-friendly Campus

Introduction:

In tune with the international guidelines and national policy regarding the differently abled people, our institution strives to provide the necessary facilities to the differently abled students. The issue of differently abled children is complex and need to be dealt with in a sensitive and proper manner. Hence the institution has formulated a policy to institutionalize our efforts to deal with the concerns of differently abled students.

Objectives:

1. To ensure full participation of students & staff with disabilities and to provide them equal opportunities for growth & development.
2. To create an inclusive culture to avoid discrimination and exclusion of disable students from all spheres of education.
3. To provide accessible and inclusive education for disabled students in the college.
4. To ensure implementation of all legislations with respect to persons with disabilities.

Strategies:

The strategies for disabled-friendly campus are as follows:

- Appointing nodal officers for persons & grievance redressal officer for persons with disabilities.
- Providing differently abled friendly washroom facilities.
- Creating ramps wherever necessary.
- Procuring certain provisions like wheel chair etc.
- Making provisions for scribes to answer the exams.
- Providing easily accessible classrooms.
- Facilitating the getting of government welfare programmes for differently abled students.
