## MESSAGE FROM THE CHAIRMAN

**Prof. M. S. Kamat**

With boundless pleasure I write this message for our College Prospectus 2025-26. Entire education system in our country is in the midst of massive transformation, regeneration and revamping through the implementation of the celebrated New Education Policy, 2020. The implementation of the NEP 2020 is a herculean task which is rightly being carried out in India in a mission mode, with great enthusiasm, zeal and passion by all stakeholders. It is very heartening to note, all sections of community have, by now, realized that the wellbeing, welfare and happiness of the people of India, in future will be principally determined by the successful implementation of the NEP 2020.

Curricular reform is the most crucial and powerful segment of the overall educational reform which the NEP seeks to bring about. With abundant pride I record that all stakeholders of Murgaon Education Society are strongly committed to ensure that in the M.E.S. Vasant Joshi College the process of curricular reform shall remain always continuous, self-sustained, vibrant and foremost in its agenda of development, within the NEP frame.

The prospectus 2025-26 in a large measure reflects the development- oriented most modern, most relevant and quite student friendly curriculum our college has meticulously designed within the broad parameters enshrined in NEP 2020.

## **MURGAON EDUCATION SOCIETY's VASANT JOSHI COLLEGE OF ARTS & COMMERCE, ZUARINAGAR, GOA ABOUT THE COLLEGE**

Murgaoon Education Society's Vasant Joshi College of Arts & Commerce is one of the premier institutions of higher education in the state of Goa. The college was founded by the great visionary and philanthropist Late Shri. Vasantrao Subrai Joshi to cater to the need of educational upliftment of youth in Vasco- da- Gama in particular and the state of Goa in general. The College premises was shifted to the present campus in 1985. Over the years, the campus has been transformed from barren, rocky and unyielding land into a lush green, fertile paradise where students aspire to pursue their higher studies.

It was one of the first composite Arts and Commerce colleges in the state of Goa to be affiliated to the University of Mumbai and then to Goa University. The college is currently offering five undergraduate programmes in Arts, Commerce, B.C.A., B.B.A. (General), B.B.A. (Shipping and Logistics) and one postgraduate programme, namely M.Com. To cater to the requirements of the Shipping and Logistics industry, M.E.S. Vasant Joshi College introduced B.Com. (Shipping Management) which was initially funded by UGC for five years and is currently running as a self-financed programme as Bachelor of Business Administration (Shipping & Logistics).

The B.B.A. (Shipping and Logistics) programme is the first undergraduate programme in India which addresses the commercial and managerial side of the shipping industry. At present, the college has approximately 1471 students and 59 full-time teaching faculty.

The college encourages high academic standards. We instil in our students a passion for learning and acquiring knowledge that they will require to make a positive contribution to the society. The college imparts learner-centric education which aims at the holistic development of the students by developing creative and critical thinking, nurturing innovations and excellence, developing professional skills etc.

At M.E.S. Vasant Joshi College, we believe in holistic education that comprises deep as well as broad academic and co-curricular exposure. Hence, academics is always complemented with co-curricular and extra-curricular activities in the campus.

In recognition of the high standards of education and the all-round excellence attained by it, the College was selected by the UGC for introducing vocational courses at the B.A. and B.Com. Degree level, and by the Ford Foundation USA for implementing its Campus Diversity Initiative Programme. The college was accredited by NAAC with a B + - CGPA of 2.68 Grade (Fourth Cycle) in the year 2021.

The College celebrated its Golden jubilee in 2022 and it was renamed M.E.S. Vasant Joshi College of Arts & Commerce, to pay tribute to our founder Late Shri. Vasantrao S. Joshi (Anna). We are now marching forward towards 75 years of the inception of the college.

## ALUMNI TESTIMONIALS B.B.A.

*I remember myself as a gawky teenager who had come from science stream to join BBA (which was the inaugural year of the BBA course in Goa) in the year 2000. Frankly, I had joined BBA course as a stop-gap arrangement. As science students, you had to wait for 4 rounds of admissions to see if you can get a medical / engineering / dental / pharma course via Goa Board. But as time went by & under the tutelage of Late Dr. Sreekumar who was the pioneer behind the introduction of BBA course in Goa university we realized that we are standing on the cusp of a revolution in academics. This course was a paradigm shift from the usual classroom methodology which was prevalent at that time. From the usual memorize & rote, we had moved to understand & internalize. Most of our tests involved open book tests, presentations & problem-solving. Hence it was a welcome shift from just filling answer sheets from memory. The ability testing was done by how we could find own solutions to the management problems thrown at us. More importantly, group assignments were the norm. The 2-month industry internship was an On-the-Job experience which very few courses provided at that time. To sum it up I owe it to the BBA course at MES College, for inculcating in me problem solving, leadership, team management, presentation skills & an outlook which made adaptable and relevant for the industry.*

**Sameer Phal**  
**Batch 2000-03**

*Selecting BBA at the graduate level has been the best decision I've taken. Of course credit goes to my father who found out in detail advantages of this course as it was a new course in Goa. Being the 2nd batch, we were the proverbial rabbits in the lab, no complaints though. This course develops the overall personality of a student. It did shape mine. The curriculum is designed in a way to help students to think on their own, which the rote learning method doesn't allow you to. Subjects like Cultural studies, Ethics - widens one's perspective about art/culture/ social welfare/ acceptance of other cultures more openly etc. It helps each one think to own their own which has helped me at my work. Most employers look for candidates who will take responsibility and act, rather than approach the manager for every problem. The course also encourages students to speak up their views rather than sit coily. This again is a useful skill for corporate life. Unless you express your viewpoints or share information, nobody will recognize you. Stage fear, Presentation skills/ solving cases/ applying concepts learned in practical life, this is something which has stayed with me since my graduation. Grooming is one more aspect, which is of utmost importance in life. Be it the soft skills or mock interviews, dining etiquettes, have been helpful too. As the course promises it equips the students with managerial / leadership skills. I'm glad I chose BBA, as it has certainly helped me horn my hidden skills and learn new things. As a working professional from the shipping industry, I may not have been able to apply learned concepts like statistics/POM, finance in my chosen field. However it's the soft skills, problem-solving attitude polished during BBA days, basic knowledge of subjects which are of paramount importance in corporate life, and I have immensely gained from it.*

**Siddhi Salgaonkar**  
**Batch 2001-04**

*BBA at MES College, has helped me in shaping my career and giving me a different outlook to work life. First and foremost, it influenced my approach, giving me a non-theoretical, practical and application based outlook to every task. I learnt to apply myself in a situation and look for practical solutions. Secondly, it familiarized me with presentation skills, group discussions and the spirit of teamwork. Thirdly, enabled me to understand the corporate world much before actually starting work through internship programs, case-studies and lectures by Guest Faculty working in large companies. In addition, participation in national level management festivals and contests boost my confidence on a personal and professional level.*

**Sunita Salunke**  
**Batch 2003-06**

*My experience has been a fabulous one. BBA as a course at MES College & its teachers have provided an environment for learning & development on a more practical level. We were prepared to face different situations in the corporate world at a very early stage. The 3 years doing the BBA course were probably the best years of my life, not only was I supported to take part in sports on a state level but also I was pushed to take up a leaders role for various events. BBA has changed me in a lot of ways, but the most important would be it provided me with knowledge & confidence. Opportunities to work with various entrepreneurs and senior level managers, their stories feedbacks have all been very valuable lessons for me as an entrepreneur now.*

**Abeesh Koshy**  
**Batch 2003-06**

*As every little education brings changes. BBA at MES College, has also brought many changes in me. It groomed me well in the fields like public speaking, research, organizational behavior, psychology etc. Overall it improved my self-confidence.*

**Shrijit Nair**  
**Batch 2004-2007**

*BBA course has played a major role in my life. I believe I have made the best use of various opportunities provided during this three years course of BBA. Internships, participating in management events, organising our very own event i.e. Lakshya 12 was the best learning experience throughout this course. Well, I would say BBA has added value to my career. I see a lot of growth in myself in terms of skills, knowledge, handling stress and most importantly dealing with different kinds of people. The challenging aspect was dealing with my own classmates but eventually, I have learned to accept this challenge in a positive way because I knew I'm learning something which will surely help me in future. BBA gave me an opportunity to network with various other college students during management events. This opportunity of networking is very helpful as it has created a platform for me to share my knowledge and to learn from their experiences. Overall I would say that the change is effective and positive.*

**G.V. Aishwarya**  
**TYBBA Batch 2016-19**

*The courses offered under the BBA programme have not only been instrumental in ameliorating my professional skills but also in enhancing my personal capabilities. The plethora of courses offered assisted me to make informed choice about my future course of actions. My graduation in BBA has been one of the instrumental elements in developing my personality not just for the job market but also for being a responsible citizen.*

*BBA course at MES College, has definitely changed me from what I was before I joined and what I am today. Well the course is just 30% of what I learned the rest 70% is all because of the numerous business management events I have taken part in through the BBA course. BBA gives the students the opportunity to open yourself and conquer the fears which drive you down, fears when it comes to public speaking, communication, managing stress, being efficient and effective and most importantly time management. Honestly 10th and 12th grade wasn't helpful at all. Parents forcing their children to study well, get good grades is not it. Send your kids for these courses such as BBA will make you the human being that can stand on his or her own feet. BBA, as it has minimal theory and more or practices like presentations, debates, role plays, cases, creative thinking, etc. helps the students not only to deal with the situation but also makes them aware of what the real world outside is. BBA is a course that develops students not to work for someone else but also to become entrepreneurs. The summer internships boost the students, and with this, they get to experience in the real world, which other course doesn't offer I guess so. So overall to tell u frankly BBA has changed my thinking of life ahead.*

*The course has provided me with a sense of liberty in exploring my passion for different management fields ranging from HR, Marketing, Finance, Digital Marketing to Entrepreneurship. The perfect combination of Corporate exposure and theoretical knowledge. All in the span of 3 years. It has shaped me into the man I am today and the confidence I exude. The kind of encouragement I have received from this institute to bolster my academic knowledge as well as my overall personality has been phenomenal.*

*I believe it was BBA course that made me what I am today, it taught me some really important things in life over and above the subject matter. For example, it gave me the confidence to speak and discuss my ideas and thoughts with people. Subjects like case analysis made me sit on the decision-making chair and reflect on how the people involved would have thought and this has transpired into my daily routine. It also helped me develop a habit of reading news and stay updated with current affairs.*

**Batch 2007-10**

*BBA has changed my outlook towards education from the old school books to interacting with industry professionals and participation in management competitions. Skills like spoken communication and presentation skills developed rapidly as I went through this BBA journey. The biggest change I saw in myself after joining BBA was that I became more aware of what's happening around in the world, I started having my own views and opinions about things which before I was never concerned was. This made me realize how we are connected with everything that happens around, it shows me the importance of being aware and being informed. In conclusion, I would state that the overall objective of this course is to impart the knowledge of business and managerial skills to students and prepare them for their entry into the Corporate World where they can cruise on the right path of hope and light.*
