I wish you all fabulous success, everlasting happiness and glorious victories in your academic career, professional career and in life. God will surely bless you all.

Happy reading.

Prof. M. S. Kamat
Chairman,
Managing Committee

FROM THE PRINCIPAL'S DESK

Prof. Dr. Manasvi M. Kamat

It gives me great pleasure to warmly welcome all prospective students to M. E. S. Vasant Joshi College of Arts and Commerce. After celebrating its Golden Jubilee in 2022, the college was renamed in honour of our esteemed Founder, the late Shri Vasant Joshi, whose generous philanthropic work continues to inspire us. Over the years, the institution has built a strong reputation for academic excellence, personalized learning, and holistic character formation.

Nestled within a peaceful, green campus, M. E. S. Vasant Joshi College provides quality education supported by a committed faculty, forward-thinking management, and an active alumni network, all dedicated to mentoring and guiding our students.

The college offers a wide range of programs, including B.A. (Hons) across various disciplines, B.Com (Hons), B.B.A. (General), B.B.A. (Shipping & Logistics), B.C.A. and M.Com. With the implementation of the National Education Policy (NEP) 2020, students now enjoy greater flexibility in selecting their courses. This system, initially introduced at the First Year level, has now been extended to the Second and Third Years as well.

Beyond academics, we provide numerous life skills and certificate programs that enhance students' abilities in sports, NSS, NCC, cultural activities, and other co-curricular fields.

We remain committed to offering our students the best opportunities for growth and success. I encourage all prospective students to embrace the new course structure under the NEP. As we move ahead, we continue to uphold the legacy of our revered Founder, the late Shri Anna Joshi, and former Principal, Prof. M. S. Kamat.

With the blessings of Shree Lord Damodar, may we all strive toward holistic development. We look forward to welcoming you to our college community.

VASANT JOSHI COLLEGE OF ARTS & COMMERCE

MURGAON EDUCATION SOCIETY'S VASANT JOSHI COLLEGE OF ARTS & COMMERCE, ZUARINAGAR, GOA ABOUT THE COLLEGE

Murgaon Education Society's Vasant Joshi College of Arts & Commerce is one of the premier institutions of higher education in the state of Goa. The college was founded by the great visionary and philanthropist Late Shri. Vasant Subrai Joshi to cater to the need of educational upliftment of youth in Vasco- da- Gama in particular and the state of Goa in general. The College premises was shifted to the present campus in 1985. Over the years, the campus has been transformed from barren, rocky and unyielding land into a lush green, fertile paradise where students aspire to pursue their higher studies.

It was one of the first composite Arts and Commerce colleges in the state of Goa to be affiliated to the University of Mumbai and then to Goa University. The college is currently offering five undergraduate programmes in Arts, Commerce, B.C.A., B.B.A. (General), B.B.A. (Shipping and Logistics) and one postgraduate programme, namely M.Com. To cater to the requirements of the Shipping and Logistics industry, M.E.S. Vasant Joshi College introduced B.Com. (Shipping Management) which was initially funded by UGC for five years and is currently running as a self-financed programme as Bachelor of Business Administration (Shipping & Logistics).

The B.B.A. (Shipping and Logistics) programme is the first undergraduate programme in India which addresses the commercial and managerial side of the shipping industry. At present, the college has approximately 1295 students and 56 full-time teaching faculty.

The college encourages high academic standards. We instil in our students a passion for learning and acquiring knowledge that they will require to make a positive contribution to the society. The college imparts learner-centric education which aims at the holistic development of the students by developing creative and critical thinking, nurturing innovations and excellence, developing professional skills etc.

At M.E.S. Vasant Joshi College, we believe in holistic education that comprises deep as well as broad academic and co-curricular exposure. Hence, academics is always complemented with co-curricular and extra-curricular activities in the campus.

In recognition of the high standards of education and the all-round excellence attained by it, the College was selected by the UGC for introducing vocational courses at the B.A. and B.Com. Degree level, and by the Ford Foundation USA for implementing its Campus Diversity Initiative Programme. The college was accredited by NAAC with a B + - CGPA of 2.68 Grade (Fourth Cycle) in the year 2021.

The College celebrated its Golden jubilee in 2022 and it was renamed M.E.S. Vasant Joshi College of Arts & Commerce, to pay tribute to our founder Late Shri. Vasantrao S. Joshi (Anna). We are now marching forward towards 75 years of the inception of the college.

ALUMNI TESTIMONIALS

B.B.A.

I remember myself as a gawky teenager who had come from science stream to join BBA (which was the inaugural year of the BBA course in Goa) in the year 2000. Frankly, I had joined BBA course as a stop-gap arrangement. As science students, you had to wait for 4 rounds of admissions to see if you can get a medical / engineering / dental / pharma course via Goa Board. But as time went by & under the tutelage of Late Dr. Sreekumar who was the pioneer behind the introduction of BBA course in Goa university, we realized that we are standing on the cusp of a revolution in academics. This course was a paradigm shift from the usual classroom methodology which was prevalent at that time. From the usual memorize & rote, we had moved to understand & internalize. Most of our tests involved open book tests, presentations & problem-solving. Hence it was a welcome shift from just filling answer sheets from memory. The ability testing was done by how we could find own solutions to the management problems thrown at us. More importantly, group assignments were the norm. The 2- month industry internship was an On-the-Job experience which very few courses provided at that time. To sum it up I owe it to the BBA course at MES College, for inculcating in me problem solving, leadership, team management, presentation skills & an outlook which made adaptable and relevant for the industry.

Sameer Phal Batch 2000-03

Selecting BBA at the graduate level has been the best decision I've taken. Of course, credit goes to my father who found out in detail advantages of this course as it was a new course in Goa. Being the 2nd batch, we were the proverbial rabbits in the lab, no complaints though. This course develops the overall personality of a student. It did shape mine. The curriculum is designed in a way to help students to think on their own, which the rote learning method doesn't allow you to. Subjects like Cultural studies, Ethics - widens one's perspective about art/culture/ social welfare/ acceptance of other cultures more openly etc. It helps each one think to own their own which has helped me at my work. Most employers look for candidates who will take responsibility and act, rather than approach the manager for every problem. The course also encourages students to speak up their views rather than sit coyly. This again is a useful skill for corporate life. Unless you express your viewpoints or share information, nobody will recognize you. Stage fear, Presentation skills/ solving cases/ applying concepts learned in practical life, this is something which has stayed with me since my graduation. Grooming is one more aspect, which is of utmost importance in life. Be it the soft skills or mock interviews, dining etiquettes, have been helpful too. As the course promises it equips the students with managerial / leadership skills. I'm glad I chose BBA, as it has certainly helped me horn my hidden skills and learn new things. As a working professional from the shipping industry, I may not have been able to apply learned concepts like statistics/POM, finance in my chosen field. However, it's the soft skills, problem-solving attitude polished during BBA days, basic knowledge of subjects which are of paramount importance in corporate life, and I have immensely gained from it.

Siddhi Salgaonkar Batch 2001-04

BBA at MES College, has helped me in shaping my career and giving me a different outlook to work life. First and foremost, it influenced my approach, giving me a non-theoretical, practical and application-based outlook to every task. I learnt to apply myself in a situation and look for practical solutions. Secondly, it familiarized me with presentation skills, group discussions and the spirit of teamwork. Thirdly, enabled me to understand the corporate world much before actually starting work through internship programs, case-studies and lectures by Guest Faculty working in large companies. In addition, participation in national level management festivals and contests boost my confidence on a personal and professional level.

Sunita Salunke Batch 2003-06

My experience has been a fabulous one. BBA as a course at MES College & its teachers have provided an environment for learning & development on a more practical level. We were prepared to face different situations in the corporate world at a very early stage. The 3 years doing the BBA course were probably the best years of my life, not only was I supported to take part in sports on a state level but also I was pushed to take up a leader's role for various events. BBA has changed me in a lot of ways, but the most important would be it provided me with knowledge & confidence. Opportunities to work with various entrepreneurs and senior level managers, their stories feedback have all been very valuable lessons for me as an entrepreneur now.

Abeesh Koshy Batch 2003-06

As every little education brings changes. BBA at MES College, has also brought many changes in me. It groomed me well in the fields like public speaking, research, organizational behavior, psychology etc. Overall, it improved my self-confidence.

Shrijit Nair Batch 2004-2007

BBA course has played a major role in my life. I believe I have made the best use of various opportunities provided during this three years course of BBA. Internships, participating in management events, organizing our very own event i.e. Lakshya 12 was the best learning experience throughout this course. Well, I would say BBA has added value to my career. I see a lot of growth in myself in terms of skills, knowledge, handling stress and most importantly dealing with different kinds of people. The challenging aspect was dealing with my own classmates but eventually, I have learned to accept this challenge in a positive way because I knew I'm learning something which will surely help me in future. BBA gave me an opportunity to network with various other college students during management events. This opportunity of networking is very helpful as it has created a platform for me to share my knowledge and to learn from their experiences. Overall, I would say that the change is effective and positive.

G.V. Aishwarya TYBBA Batch 2016-19

The courses offered under the BBA programme have not only been instrumental in ameliorating my professional skills but also in enhancing my personal capabilities. The plethora of courses offered assisted me to make informed choice about my future course of actions. My graduation in BBA has been one of the instrumental elements in developing my personality not just for the job market but also for being a responsible citizen.

Anthony Gomes Batch 2010-14

BBA course at MES College, has definitely changed me from what I was before I joined and what I am today. Well the course is just 30% of what I learned the rest 70% is all because of the numerous business management events I have taken part in through the BBA course. BBA gives the students the opportunity to open yourself and conquer the fears which drive you down, fears when it comes to public speaking, communication, managing stress, being efficient and effective and most importantly time management. Honestly 10th and 12th grade wasn't helpful at all. Parents forcing their children to study well, get good grades is not it. Send your kids for these courses such as BBA will make you the human being that can stand on his or her own feet. BBA, as it has minimal theory and more or practices like presentations, debates, role plays, cases, creative thinking, etc. helps the students not only to deal with the situation but also makes them aware of what the real world outside is. BBA is a course that develops students not to work for someone else but also to become entrepreneurs. The summer internships boost the students, and with this, they get to experience in the real world, which other course doesn't offer I guess so. So overall to tell u frankly BBA has changed my thinking of life ahead.

Logan Henriques Batch 2015-18

The course has provided me with a sense of liberty in exploring my passion for different management fields ranging from HR, Marketing, Finance, Digital Marketing to Entrepreneurship. The perfect combination of corporate exposure and theoretical knowledge. All in the span of 3 years. It has shaped me into the man I am today and the confidence I exude. The kind of encouragement I have received from this institute to bolster my academic knowledge as well as my overall personality has been phenomenal.

Abbas Shaik TYBBA Batch 2016- 19

Goa Management Association's Best Management Student 2018-19 awardee

I believe it was BBA course that made me what I am today, it taught me some really important things in life over and above the subject matter. For example, it gave me the confidence to speak and discuss my ideas and thoughts with people. Subjects like case analysis made me sit on the decision-making chair and reflect on how the people involved would have thought and this has transpired into my daily routine. It also helped me develop a habit of reading news and stay updated with current affairs.

Shivdas Nair Batch 2007-10

BBA has changed my outlook towards education from the old school books to interacting with industry professionals and participation in management competitions. Skills like spoken communication and presentation skills developed rapidly as I went through this BBA journey. The biggest change I saw in myself after joining BBA was that I became more aware of what's happening around in the world, I started having my own views and opinions about things which before I was never concerned was. This made me realize how we are connected with everything that happens around, it shows me the importance of being aware and being informed. In conclusion, I would state that the overall objective of this course is to impart the knowledge of business and managerial skills to students and prepare them for their entry into the Corporate World where they can cruise on the right path of hope and light.

Vinayak Naik TYBBA Batch 2016-19

My Experience doing BBA at MES College, was terrific, it gave me a lot of insight into many subjects. The course covers all the aspects one requires either for higher education or for a job. Internships are another step towards experiencing the reality of work atmosphere. The BBA course, has helped in being more confident as a person especially in terms of communication, presentation and being adaptable to any situations of life.

ALUMNI TESTIMONIALS

B.B.A. - SHIPPING & LOGISTICS

The BBA (Shipping and Logistics) course offered at MES College is the only course in the whole of India. The curriculum is better than most of the other graduation courses. It helped me gain a deep understanding of the way teams work and the qualities required to effectively lead a group. The course also encouraged me to think on my feet, which boosted my overall confidence.

Frazer Coelho Batch 2013-16

I had a great and memorable three years in BBA (Shipping & Logistics) at MES college of Arts and Commerce. BBA (S&L) course offered me an opportunity to acquire professional skills in the early stage of my management studies. The course helped me to deeply understand and develop important business skills such as leadership, communication skills, critical thinking, and decision making. BBA (S & L) is an appropriate course to undergo in order to meet the demands of managerial roles in shipping and logistics business. The program helped me to adopt managerial approach from the beginning of the program toward various business issues. I also learnt about the competitive business world in which public as well as private sectors operate. Thus, learning the course opened up several options in public and private sector for me. I feel very confident to pursue my further education – MBA (Shipping and Logistics) in Chennai.

Pushpesh Prabhu Batch 2016-19

The course provided theoretical and practical knowledge which broadened my understanding about the industry. Fieldtrips were both informative and industry related. Apart from that the internships were vital as I got firsthand experience which further deepened my overall knowledge.

Aditya Nevrekar Batch 2015-18

The course has given me the basic knowledge of shipping. It helped me to improve upon my soft skills, management skills, leadership skills, and developed my overall personality. I also understood the importance of business ethics. Internship took me to the real world business environments. Overall, the course gave me an edge to begin a career in the Shipping industry.

Pranam Nilekani Batch 2015-18

BBA shipping at MES gave me the basic foundation in shipping and logistics industry, it offered me an opportunity to acquire the knowledge and skills from people from industry early in my career. This course also offers a deep understanding of important basic skills such as shipping management, logistics management in supply chain industry which creates a strong background at entry level in industry and there is no end to excellent job opportunities around the world, because it is that vast. Currently I am working with one of the largest shipping company and achieving milestones because of this course and great lecturers.

Sagar Shrivastav Batch 2013-16
